SEMEN GUIDE

FOCUSING ON *traits* THAT *enhance* YOUR PROFITABILITY *Since 1961*

SEMEN GUIDE

Since 1961.

One of our favorite projects this year is the Semen Guide. It offers a glimpse into the future of the young bulls we have identified as the next great ones, while also reflecting on the herd sires that have brought us to where we are today. It is essential for us to continue evolving with the industry and meeting the growing demands of consumers. We believe that the genetic value of a bull is vital. We would like to thank everyone for placing their trust in our program. Remember, we are here to serve you, so please don't hesitate to call us with any questions!

Wendell, Nan, and the entire Gibbs Farms crew

TO ORDER SEMEN, CONTACT:

Doug Gibbs 404-717-2264
Bradley Gibbs 404-904-2914
Sam Young 770-710-4588

SEMEN AVAILABILITY

Semen location and availability may vary. Volume discounts are available!

Bulls co-owned with ABS, Select Sires, and Genex are only available through them and their representatives.

- Blazer was the \$55,000 record-setting high-selling bull from the 2024 Fall Sale here. Blazer is the outcross baldy bull that exhibits as much muscle, power, and explosive growth all in an eye-appealing package. A very balanced EPD profile, superior disposition, and excellent carcass traits. We expect this bull to be used all throughout the country!

- Primal was the \$50,000 high selling bull from 2024 Cow Camp Ranch production sale. He is the most exciting SimAngus bull to sell this spring and appears to be the future go to spread bull that you can breed to heifers and add back some of the muscle in the lower quarter that you have been missing. Expect Primal to have one of the largest sire groups of calves in the Simmental breed in the near future. He is a no-holes sire that will simply improve every trait in one generation.

- Haymaker was the \$20,000 high selling SimAngus bull in our 2023 production sale. He is a bull that was admired for his impressive eye appeal, bone, and shape. Haymaker is a bull that can add performance without adding frame, but instead with width and dimension. He is the next generation from the Triple Crown and Hilltop lineage that we are excited about. He is high performing, high carcass, and highly fertile. His first calves came easy and excell in eye appeal.

EGL FIRESTEEL 103F Sire of Fire Power.

- . The \$ 27,000-second-highest selling bull from Cow Camp Ranch. When we went out west looking for new genetics, we were in search for a power bull and a calving ease bull. Admittedly, we noticed Bedrock pretty easy and overlooked Fire Power in the catalog. When we got there and first saw Fire Power we quickly said, "what is he" and "we have to own this bull." Fire power blew us away with his overall look and build. He is a bull that could probably win any show in the country. Uniquely he has about as much marbling, bone, and growth out of any power bull we have seen as well. His first calves are on the ground in Nebraska, and he is confirmed to be a power bull that will add bone and style! The first calves are on the ground here and they are standouts!
- . Co-owned with Trauernicht Simmentals

. The \$50,000 phenotype standout from Rydeen Simmentals. Roll Call is a bull that is a true balance bull and is about as versatile as any bull we have to offer. Global's best son we could find, and offers a tick more middle and phenotype than his sire. What is so unique about him as a 3/4 blood is that you can mate him to purebreds to make outcross purebreds or to SimAngus to make SimAngus bulls. Expect him to make beautiful daughters!

KBHR GLOBAL J138 Sire of Roll Call.

WS SWEET SIXTEEN F16 Maternal grandam of Roll Call.

TERS KODIAK 206K Son of Essential.

GIBBS 1033J BLT 4080B Daughter of Essential.

- The \$36,000 high selling bull from our 2020 production sale. He is a bull that is essential for you to use this breeding season. His progeny are topping sales all over the country. Bred for Balance son sold for \$110,000, Rydeen Simmentals a son sold for \$95,000, and a daughter here sold for \$15,000. He is a bull that is simply unmatched in terms of CE and YW. His first daughters have calved out and he is definitely an udder improver. If you want your calves to start small and grow big, look at Essential.
- Co-owned with Genex, All Beef, Salinas Farms and J/C Simmentals

LCDR RESERVE 210J Sire of Prosperity.

GIBBS 90476 LOUISE Y534 Dam of Prosperity.

- Prosperity is the outcross purebred with as much type and look you can put in one. The high selling purebred bull in our 2024 sale, he was an absolute crowd favorite. This bull offers a tremendous amount of mating flexibility and was used heavily in our herd this year. He excels in calving ease, marbling, indexes and eye appeal. His dam is also the dam of Culmination and she is quickly becoming the staple donor here and possibly the best Y534 daughter.
- Co-owned with Gustin Cattle Company

Record prices **OR** Record profits

We're in a pretty amazing time for the cattle industry right now, with slaughter cattle of all types hitting record prices. It looks like we won't see a slowdown anytime soon, mainly because the number of cows in the herd is steadily decreasing.

When business is booming, it's easy to drop the ball on efficiency, especially when it comes to genetics and resources. As producers, we really need to keep a few key things in mind. Costs for feed, open cows, labor, land, and equipment can add up, so staying efficient is super important.

We pick bulls that are physically sound and look good, making sure they can really perform out there in the real world. Even though we're a seedstock provider, we treat our cattle just like most commercial operations do. We care more about breeding value than just feeding value for our bulls and heifers.

Thanks for sticking with us and trusting us as your genetic supplier. We're committed to making our cattle better for you. If you're not moving forward, you're going backward, right? We truly value the beef industry and want to make a lasting impact, not just within the Simmental breed, but in the beef world as a whole. Let's keep pushing to improve!
